Apply now for the Research Project to gain international experience!

**Application deadline:** November 19th, 23:59h.

# Research Project 2024

With 7000+ members, 100+ partner companies and 21+ high-quality career-related events, the Financial Study association Amsterdam (FSA) is the largest financial study association of the Benelux. The FSA aims to connect ambitious students to leading companies across six different areas: Finance, Business, Strategy Consulting, Economics, Data Science and Accountancy.

Since 1998, the FSA Research Project shows extensive expertise in business consultancy and research in foreign countries. The Research Project focuses on Dutch companies who want to expand their business to upcoming economies and provides strategic and tailor-made solutions for organisations of all sizes. The country of choice for 2024 is Colombia.

## Project

The Research Project is a project in which you travel with 17 other students to the other side of world. As a participant, you are responsible for the acquisition and execution of the consultancy projects. Along the way, you will be guided and trained by top strategy consultancy firms. On location, you will work in pairs to research a particular industry and solve a consultancy problem for a company in a fast-growing economy. It is an unique opportunity to develop your consultancy skills and gain international experience. Besides the educational benefits, this project is also the perfect once in a lifetime experience to end your college years with a new group of friends.

## Planning

Dec

Introductory period

Jan - May

Acquisition period

May - June

Desk research period

July - Aug

Field research in Colombia  
(5-6 weeks)
